

MultiQ Swivel plate

MultiQ's Swivel plate replaces the foot plate in the stand, allowing the monitor to rotate 360 degrees. The Swivel Plate makes it easy, for example, to share information with customers on the other side of the counter. Does not need to be attached to the desk, but it's possible to secure it through the table. MultiQ offers Swivel plate for screens in sizes 12 to 19 inches.

Part no.	Description
ACC100605	Swivel plate for MultiQ 212/215
ACC100619	Swivel plate for MultiQ 219
